GROWTHLAND, CANADA

NOW OPEN TO SITE-SEEKERS! FOOTHILLS INDUSTRIAL PARK IN CALGARY, ALBERTA,

Canada's fastest growing city!

CLIMATE with no extremes, winter or summer, makes living pleasant and easy, close to world-famed mountain resorts and best hunting and fishing areas.

AT the heart of a growing consumer market of 5,000,000 Canadians.

LABOR climate is excellent in Calgary — virtually strike-free.

GROWTH is rapid and healthy for business and industry locating here.

ALBERTA is Canada's fastest growing province and Calgary with 275,000 is fastest growing metropolis.

RATES for electric power and natural gas among lowest in North America.

YOUR best opportunity to enter the expanding Western Canadian market depends on a Calgary location.

FEATURES OF NEW AREA:

✳ Low "package" price of $6,500 an acre with option of paying later for sanitary sewer, paving, curb and gutter when installed at minimum rate of $1,100 an acre. Initial pre-paid services include city water, storm sewer, deep base road and rail lead.

✳ Excellent joint rail service (both Canadian Pacific and Canadian National Railways) in free interchange area.

✳ Choice of advertising-value locations on future expressway to bisect area.

✳ Low cost employee housing available nearby.

✳ Adjacent to built-up heavy industrial areas comprising pipe mills, oil refineries, flour mills, steel fabricators, etc.

✳ Zoning is heavy industry in controlled area but smaller sites available for light industry with or without trackage.

FILL IN THIS COUPON FOR YOUR FREE BROCHURE AND MARKET STUDY ON FOOTHILLS INDUSTRIAL PARK, CALGARY, CANADA.

(Your enquiry treated in complete confidence.)

EDMONTON BUILDING PERMIT VALUE INCREASES 32% IN ONE YEAR

This impressive increase typifies Edmonton's rapid growth. Over a five-year period, the city's population soared 30%, to over a third of a million. The city's gross manufacturing stands at $430,000,000 — 44% of the Provincial total. Fresh industrial opportunities abound within this thriving market area.

A strategic location has made Edmonton the commercial distribution centre and industrial focal point of the rich Northwest. Tens of thousands of tons of supplies move north by rail, air and road from Edmonton to the Northwest and Alaska.

Edmonton is served by 3 railroads and 3 airports — and nearly two hundred daily truck runs are made in and out of the city. These factors, linked with low utility rates, make Edmonton the ideal location for new industry. Industrial sites are now available for lease adjacent to the Municipal Airport — located only seven minutes from the city centre.

Write for complete information to:

Industrial Development Department,
8th Floor — City Hall,
or
Area Industrial Development Board
5th Floor, Professional Building.

There are

MANUFACTURING OPPORTUNITIES

in Ontario, Canada

There are new and greater Manufacturing Opportunities from MADE IN ONTARIO products for both the North American market and for export. Economic conditions are optimum for making manufacturing or licensing arrangements with established Ontario manufacturers, or for construction of branch plants.

Manufacturing Arrangements: The Branch maintains detailed records on the facilities of 1000 Ontario companies interested in manufacturing your product under license and also provides any required assistance in making personal contacts.

Branch Plants: The Industrial Development Branch provides advisory services including detailed information on site location, Canadian markets, export potential, raw materials, labor, power, transportation and taxation.

Marketing: For the Ontario manufacturer, the Branch offers a marketing service to help export his product. This service includes information on foreign customs regulations, transportation, insurance, foreign markets, packaging and pricing.

For any of these services you are invited to write to:

DEPARTMENT OF ECONOMICS AND DEVELOPMENT

INDUSTRIAL DEVELOPMENT BRANCH, 454 University Avenue, Box 207 • Toronto 2, Ontario, Canada

Opportunity Land for Progressive Industry

The HUB of Canada's Largest Market Area

LAK
HURON
HURON
WELLINGTON
PERTH
WATERLOO
TORONTO
NIAGARA FALLS
BUFFAL
PORT HURON
DETROIT
AKE ERIE
ELAND

If you are looking for planned Industrial Sites, good labor pool, adequate transportation facilities, proximity to large markets, adequate public utilities, good educational and recreational facilities — come to "OPPORTUNITY LAND" — comprising the cities, towns and villages of the counties of Huron, Perth, Waterloo and Wellington.

The market area within a 150 mile radius encompasses over:

75%	of the population of Ontario
70%	of the rural population of Ontario
78%	of the urban population of Ontario
84%	of all manufacturing in Ontario

THE COMPANY YOU'LL KEEP

You're in good company when you locate in Ontario's Opportunity Land. There are scores of diversified products that are household words — brands you know and companies you respect. Consider the economic advantages from the standpoint of service industries such as welding and steel fabricating, machine tools, various types of molding, plastics, rubber extrusions, etc.

Yours for the asking are Plant Site Surveys, Listings of available Plants and Buildings, Marketing Information. Write, wire or telephone your confidential inquiries

PORT OF
TORONTO

You ship anything for less via the modern port of Toronto

If you find shipping costs narrowing your profit margin, investigate the advantages of shipping through the modern Port of Toronto; by far the most economical route to and from the heart of Canada.

Modern docking and warehouse facilities and Canada's most experienced stevedores handle cargoes quickly, efficiently. Lines serve more than 100 ports in over 40 countries.

Ask your shipping or forwarding agent about direct Seaway shipping and the Port of Toronto, soon.

POWER UNLIMITED

HYDRO-QUÉBEC

No matter where in Québec you may wish to establish an industry, you are certain to get all the ***power*** *you need* ***at the lowest rates,***

BECAUSE:

1 — the transmission systems are interconnected, making it possible to bring power to almost any place in the Province;

2 — development of new power plants, presently under construction or projected for a near future, will make available over 6,000,000 HP — in addition to the capacity already installed;

3 — the hydro-electric potential of Québec is still so vast that it will meet with ease the demand for many years to come.

The Canadian Manufacturers' Association —

How It Serves Industry

OBJECTS

The objects of the Association are to promote Canadian industries and to further the interests of Canadian manufacturers and exporters, and to render such services and assistance to the members of the Association and to manufacturers and exporters generally, as the Association shall deem advisable from time to time.

SERVICES

COMMERCIAL INTELLIGENCE DEPARTMENT

Study and analysis of economic conditions and trends in domestic and foreign trade; information re articles made in Canada; sources of supply; commercial statistics and trade information; government purchasing; industrial design; research and development; assistance to new industries and firms seeking outlets for surplus capacity; export and foreign exchange matters generally; information re agencies and export connections; trade fairs and exhibitions; translations; commercial reports on overseas firms; business ratios.

INDUSTRIAL RELATIONS DEPARTMENT

Guided by the Industrial Relations Committee, the Department provides a variety of services, including the preparation of briefs to Government, general information on collective bargaining and labor relations, and analysis of trends and developments in employer-employee relations such as co-operative wage study and supplemental unemployment benefits.

The Department also studies and keeps members informed on matters such as labor legislation, pensions, employee benefit plans, unemployment insurance, workmen's compensation, old age security, annual vacations with pay, statutory holidays, wages, hours of work and working conditions.

INSURANCE DEPARTMENT

Gives attention to all forms of insurance and related legislation of concern to manufacturers. The Department provides information on fire insurance and fire protection regulations; automobile insurance; liability insurance, and all forms of industrial insurance; health insurance and related social security legislation. It also co-operates with other organizations in educational work in fire and accident prevention.

LEGISLATION DEPARTMENT

Maintains a watching brief on all Canadian legislation both federal and provincial affecting manufacturers, and assists the Legislation Committee in preparing briefs of the Association's views for submission to the appropriate authorities; provides information on federal, provincial and municipal taxation and provides general information on such matters as patents, trade marks, copyright, combines, food and drugs, weights and measures, companies, conditional sales, and unfair trade practices.

PUBLIC RELATIONS DEPARTMENT

Advises on public, press and community relations, public speaking, plant tours, and maintains files of employee magazines and manuals, industrial film catalogues, simplified type of company financial statements; publishes monthly review "Industry" with purpose of fostering in the people of Canada an awareness of the benefits of manufacturing and the free enterprise system.

PUBLISHING DEPARTMENT

The following publications are supplied to all members of the Association:

(a) "Industrial Canada" — the official monthly publication of the Association, which contains information compiled by the various Departments; details concerning industrial development in Canada; and articles of interest to industry generally. Subscription rates—$4.00 in Canada, $7.50 elsewhere.

(b) "Canadian Trade Index"—This annual directory contains a detailed list of all the principal manufacturers in Canada, and a classified directory of the products they make. It enjoys a broad circulation, giving buyers both in Canada and abroad up-to-date information on Canadian sources of supply. Price $24.00 per copy.

TARIFF DEPARTMENT

Provides information on Canadian customs tariff matters including rates of duty, value for duty, dumping duties, refunds, drawbacks, documentation, marking requirements and export permits; assistance provided in respect to applications for needed tariff changes; Tariff Board hearings, international trade agreements and conferences; foreign tariffs, documentation, preferential duties, marking requirements, import and exchange restrictions of all countries; federal sales and excise tax matters including exemptions, refunds and assessments; provincial retail sales taxes.

TRANSPORTATION DEPARTMENT

Provides information on rate tariffs, freight classifications, regulations, rules and conditions of carriage, etc., pertaining to services of transportation and communication companies; developments in legislation and regulations affecting transportation agencies and users.

MEMBERSHIP DEPARTMENT

The main function of the Membership Department is the solicitation of new members and explanation of CMA services to existing members. The Membership Department informs prospective members as to their eligibility, fees, etc., and generally co-ordinates the efforts of all departments of the Association in a continuous programme to increase membership and thus improve the ability to serve.

TRADE SECTIONS DEPARTMENT

Provides management services, office and meeting room facilities for industrial trade associations affiliated with the C.M.A.; complete administration plus specialized marketing services in advertising and sales promotion, public relations, research and statistics to deal with problems peculiar to the industry.

GUIDE to CLASSIFIED INDEX

☆ THE METHOD OF INDEXING the material on the succeeding pages is that by which the most important word in headings is generally placed first. The arrangement then proceeds in the proper alphabetical order. In the majority of cases it will be found that the noun or main name comes first, *i.e.*—Furniture, bedroom; Hardware, builders'; Leather, boot and shoe upper, etc. This allows the grouping of all similar articles close together. In other cases, where the inversion seems unnatural, the headings have been listed as they run—Air Appliances; Fire Escapes, etc. If any difficulty is experienced in locating desired headings or articles, users of the book should try both forms of listing. This will enable the heading to be found if it appears in the book at all.

In all cases we have endeavored to use the names most commonly known. It is possible that we have listed some products and materials under names that differ from those that our subscribers use. Synonyms will therefore be useful to bear in mind.

Cross references have been supplied where two or more names are commonly used to describe the same article.

Street addresses of the firms listed in the classified section are provided where necessary in the alphabetical list of names (on green sheets) immediately preceding the Geographical Section.

Attention is also called to the French Index of articles, which is placed immediately after the Produce Section (Part 6) on green paper. In limited editions a Spanish Index or a Portuguese Index appears instead of the French Index.

Firms before whose name a star appears have intimated that they are engaged or seriously interested in Export Trade.

We shall be glad to have the opportunity of giving additional information to any manufacturer or user of the *Canadian Trade Index*. No charge is made for this service.
